## **Coating Systems Inc. Is One Of Top Finishing Shops In North America** *Products Finishing magazine names Coating Systems Inc. to its 'Top Shops' list for 2019*

CINCINNATI, Ohio - Coating Systems Inc. (CSI) has been named one of the best finishing shops in North America for 2019, according to an industry benchmarking survey conducted by *Products Finishing* magazine, a trade publication which has covered the industry since 1938.

The magazine conducted an extensive benchmarking survey that analyzed hundreds of finishing companies in several different areas, including Current Finishing Technology, Finishing Practices and Performances, Business Strategies and Performances, and Training and Human Resources.

Only the top 50 shops were given the honor of being a *Products Finishing* magazine 'Top Shop' for 2019 based on a scoring matrix in those four criteria.

"Coating Systems Inc. has established itself as one of the best finishing operations in the industry," said Tim Pennington, editor of *Products Finishing* magazine. "The criteria we used was very stringent, and only the top finishing shops that excelled in all four areas made the list. CSI is in rare air when it comes to finishing operations."

Coating Systems Inc. is located at 90 Phoenix Ave Lowell, MA and offers metal finishing services to medical, aerospace, defense, industrial and other industries. CSI's processes include anodize, hardcoat, chromate conversion coatings, electroless nickel, chrome, copper, nickel, tin, zinc, zinc-nickel, gold & silver plating, passivation, paint, powder coat, dry film lubricants, silkscreen, laser mark and pad printing.

"We are extremely excited and pleased to be named one of *Products Finishing* magazine's 'Top Shops'," said Arthur Sacco, owner of Coating Systems Inc. "Our employees and management team have worked very hard to be the best in the industry, and to provide our customers with quality service."
