

**STATEMENT OF REACH COMPLIANCE**

The Coating Systems Group certifies to the best of their knowledge that items plated within the spectrum of RoHS compliant are also REACH compliant as well. REACH (Registration, Evaluation and Authorization of Chemicals) compliance is in regards to the plating provided only, and not to the part as a whole. Coating Systems does not certify any materials that are provided by our customers and any materials added to the product after plating by a third party.

All products supplied to our customers that are RoHS compliant also do not contain any of the substances of high concern greater than the concentrations specified in the REACH Regulation.

Thank you
