STATEMENT OF REACH COMPLIANCE

Coating Systems, Inc. certifies, to the best of its knowledge, that items plated within the scope of **RoHS compliance** are also **REACH compliant**.

REACH (Registration, Evaluation, Authorization, and Restriction of Chemicals) compliance applies **only to the plating processes and materials provided by Coating Systems Group**, and **not to the entire part or assembly**.

Coating Systems Group does **not certify any materials supplied by customers** or any **materials or components added after plating by third parties**.

All products supplied to our customers as **RoHS compliant** are also confirmed **not to contain any Substances of Very High Concern (SVHCs)** in concentrations exceeding the limits specified under the **REACH Regulation**.

This certification is current with the June 25, 2025 REACH update.
